

## Sterne Kessler Commemorates 2023 World IP Day

(April 26, 2023) – Happy [World IP Day](#) from the talented women of Sterne, Kessler, Goldstein & Fox! Founded by the World Intellectual Property Organization (WIPO) and recognized each year on April 26, World IP Day commemorates the role that IP rights play in encouraging innovation and creativity. The 2023 theme is “Women and IP: Accelerating Innovation and Creativity” – a celebration of trailblazing women inventors, creators, and entrepreneurs and an exploration of bridging the IP system’s gender gap.

We are proud and grateful to have a dynamic, innovative, and powerful group of women, including attorneys and staff, at Sterne Kessler. Pictured below are representatives from across the firm’s practice groups and staff departments at our office in Washington, DC.
