

Sterne Kessler Secures Denial of IPR for Patent Owner Eagleview Technologies

Sterne, Kessler, Goldstein & Fox successfully secured denial of an *inter partes* review petition at the PTAB on behalf of patent owner Eagleview Technologies. Eagleview is a market leader in providing geospatial software, aerial imagery and analytics serving a wide range of industries. The subject patent, U.S. Patent No. 8,170,840, relates to systems and methods for determining roof measurement information based on one or more aerial images of a roof of a building. Read the institution denial decision [here](#).

The Sterne Kessler team representing Eagleview Technologies included: Directors Richard M. Bembien, Jonathan Tuminaro, Ph.D., and Michael D. Specht. The case is IPR2023-00437, *Roofr Inc. v. Eagleview Technologies, Inc.* The '840 patent has been asserted in *Eagle View Technologies, Inc., and Pictometry Int'l Corp. v. Roofr Inc.*, No. 1:21-cv01852-RGA (D. Del.)
